

DC450

13MP Document camera with 17x optical / 8x digital zoom

- **13MP High definition camera**
- **17 x Optical zoom to focus on the finer detail**
- **Built-in microphone and speaker**
- **Rotating camera lens**

Optoma's DC450 takes a live workspace and allows you to distribute real-time image capture to large audiences when combined with any big screen technology.

Sharing video content remotely has never been easier too, simply connect to any one of the video conferencing tools (via a PC) to enable sharing with remote audiences. It's a great way to create an interactive learning or demonstration space, perfect for classrooms, boardrooms and lecture theatres.
